INTRODUCTION

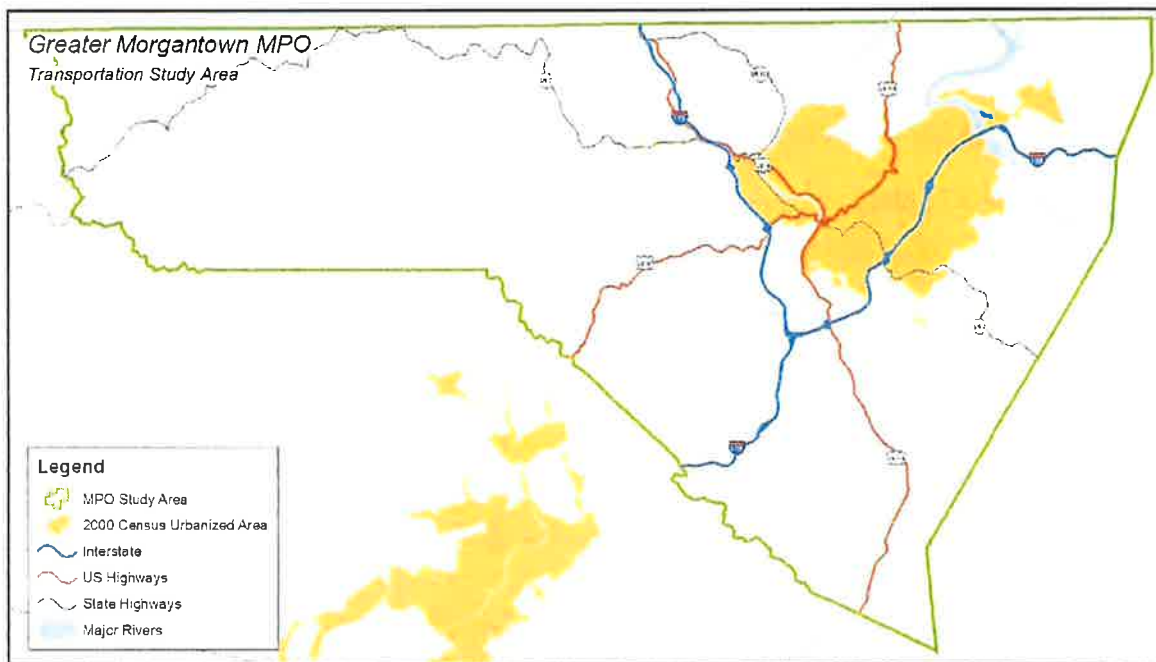

In accordance with Federal Regulations this document outlines the budget for the Morgantown Monongalia MPO. It provides information about the work the MPO will be performing in the upcoming year and summarizes the funding that will be used to accomplish that work.

STUDY AREA

The Morgantown Monongalia MPO covers Monongalia County including the municipalities of Blacksville, Granville, Morgantown, Star City, and Westover.

The MPO's Policy Board may include representatives from:

1. Monongalia County (pays one half of any local match requirements) - three county commissioners
2. City of Morgantown (pays one half of any local match requirements) - three council members
3. City of Westover — one elected representative
4. Town of Star City — one elected representative
5. Town of Granville — one elected representative
6. Town of Blacksville — one elected representative
7. Mountain Line Transit Authority — one representative
8. Monongalia County Board of Education — one representative
9. West Virginia University — one representative
10. West Virginia Department of Transportation — MPO liaison

Accomplishments

During Fiscal Year 2015-2016 the Morgantown Monongalia MPO worked with the West Virginia Department of Transportation and the area's local governments to improve transportation in the area. The MPO's efforts were focused on the implementation of the area's 2040 Long Range Transportation Plan and further defining the projects identified in that Plan. Please find below a short description of these activities.

As provided for in the MPO's Long Range Transportation Plan MPO staff oversaw the development of two studies to further define projects identified in the Long Range Transportation Plan. These studies, the I-79 Access Study and the University Avenue Complete Streets Study were designed to develop a community consensus about the need for improvements to the transportation network and to develop the information needed to seek funding for the implementation of the projects.

In addition to the two consultant led studies noted above MPO staff has been working with representatives of Granville and Westover to develop a pedestrian plan for those communities. This work is consistent with the Long Range Transportation Plan recommendation that the MPO develop a region wide pedestrian plan.

The MPO Staff has recognized the need to expand their technical capabilities to better serve Monongalia County and Monongalia County's communities. To this end professional development has been an important element of Staff's direction. The MPO's Planner II has successfully qualified for three professional certifications during calendar year 2015. During this time period he successfully qualified for the Certified Bicycle Safety Instructor, the Institute of Transportation Engineers Professional Transportation Planner certification, and the LEED (Leadership for Energy, Environment and Design) Neighborhood Development Professional certification. These certifications have greatly enhanced the MPO's capacity and will allow MPO Staff to perform work that in the past would not have been performed or which would have to be performed by a consultant.

During FY 2015-2016 MPO Staff worked with the MPO Policy Board to review and revise the MPO's Public Involvement Policy. A new Public Involvement Policy was adopted as a result of this work. MPO Staff also developed a new Transportation Improvement Program for adoption by the MPO Policy Board.

Another priority for MPO staff has been working on strategies to acquire funding to implement the Plan. During 2015-2016 MPO Staff and MPO Policy Board members have worked closely with legislators and the Chamber of Commerce's Transportation Committee to develop legislation for local funding initiatives.

The first traffic counts for the MPO's annual traffic count program were taken in April of 2011. The MPO has sponsored counts every year since those first counts. In every year since its inception the MPO has expanded the count program by adding additional locations as well as recommended by representatives of the MPO's member communities and consultants. These counts will allow the MPO to analyze changes to the area's traffic patterns as well as provide valuable information to the private sector. The

MPO has prepared a map of these locations with count volumes over time. The map is available on the MPO's website.

In addition to the traffic count program MPO staff maintained a traffic accident data base developed during the previous fiscal year using information from WVDOH and from Monongalia County MECCA 911. This data covered approximately three years. The data was used in the MPO project prioritization process and will be used in the future to identify high incident locations. MPO Staff was also granted access to the WVDOH accident data base during FY 2014-2015, however WVDOH has warned that this data is incomplete and should not be publicly distributed. MPO staff has utilized this data to identify potentially problematic locations on a limited basis.

The MPO has been working with Mountain Lines Mobility Coordinator to implement Transportation Demand Management programs in coordination with several large employers including WVU, Monongalia General Hospital, NETL, Mylan Pharmaceuticals and WVU Health Services. The vanpool effort was dormant for a short portion of FY 2012-2013 due to staff turnover. During FY 2013-2014 MPO staff working with Mountain Lines Mobility Coordinator instituted a coordinated advertising campaign and a redefined incentive package for new van pools. The momentum from this effort continued in the FY 2015-2016 when as of this writing three van pools have completed their participation in the van pool program with a fourth van pool continuing to receive funding from the MPO's grant.

MPO Staff has also assisted Monongalia County, Star City and the City of Morgantown in evaluating the impact of ongoing development on the transportation network as new development is proposed. MPO Staff also performed an operational evaluation of a portion of Beechurst Avenue at Campus Drive. This evaluation was provided to WVU and WVDOH to assist them in evaluating potential changes to the configuration of Beechurst Avenue. MPO staff hopes to provide more of this type of assistance in the future.

MPO Staff also began working in 2013-2014 with the other MPO's across the State to develop an MPO Association to share best practices in transportation planning and to enhance coordination with WVDOT. This effort continued in FY 2015-2016 and it is anticipated to continue into FY 2016-2017.

As a part of the MPO's ongoing process the MPO considered numerous TIP Amendments which were considered in depth by the MPO's committees. MPO Staff also performed numerous administrative duties as such as participating in the audit process.

FOCUS FOR FISCAL YEAR 2016-2017

Local initiatives:

Major initiatives to be under taken this year include:

MPO Staff will undertake an update of the 2040 Long Range Transportation Plan. This work has previously been performed by consultants. This will be the first update to be performed solely by MPO Staff. This will be a minor update of the MPO's Plan, it is anticipated that the next major update of the MPO's plan will take place in the 2020 to 2021 timeframe.

Work to be performed in the Plan Update will include, updating the model to include modifications to the area's street network not included in the model by the 1-79 Access Study. Modifying the MPO's future year model to reflect changes in population and employment anticipated to occur between 2040 and 2045 as well as including projects currently included in the MPO's Transportation Improvement Program that will have been built before 2045. This work will lead to the development of a current year and a future year deficiency analysis using both model outputs and traffic accident data to evaluate the need for and efficacy of existing and proposed projects during the LRTP Update.

The update will include an extensive public outreach process. The public involvement process will examine the current LRTP's goals and objectives, growth anticipated to occur in the area, the need for particular projects identified in the Long Range Transportation Plan, and the priority that should be assigned to those projects. The update will also seek to identify any additional projects that may need to be included in the updated LRTP. The update will also identify the fiscal constraints on implementing the Plan. It is also anticipated that the Update will update the performance measures to be used to evaluate how effectively the Plan is being implemented. The development of the performance measures will be tied to the development of statewide performance measures identified by WVDOT.

MPO Staff will also continue work to develop potential local funding sources to implement the LRTP. Staff has been working with a committee from the Chamber of Commerce as well elected representatives to address this issue.

Other tasks:

The MPO will continue to update the annual traffic count database with counts taken for the MPO as well as counts taken by other local agencies. The first counts for this database were taken in April of 2011 and April 2012. This database provides the MPO with base data, which may be used to project the future growth of traffic, as well as, to provide decision makers with complete information about the existing conditions in the area. This data will continue to be available to the public at large for use in developing business plans and other marketing efforts and to the area's municipalities so they may evaluate the impact of proposed new development in the area. The traffic counts will be of use to the MPO in assessing the Long Range Transportation Plans model as well as in identifying area's where

operational improvements to the road network may be needed. The information will also be useful to the Division of Highways when planning operational improvements to the area's transportation facilities. This data will be supplemented with data from the MPO's traffic accident data base which will also be updated during FY 2016-2017.

MPO Staff will continue ongoing administrative functions including scheduling and staff meetings, preparation of minutes and other arrangements for the MPO's standing committee meetings. Staff will continue preparation of Transportation Improvement Program amendments, preparation of the budget, performance of human resource functions and intergovernmental relations and public involvement activities. Staff will also continue to provide technical assistance to area municipalities as well as the Bike Board and the Pedestrian Board. Staff will also review the MPO's Public Involvement Policy to determine the need for an update to its provisions.

BUDGET ITEMS BY MAJOR CATEGORY

The Project codes used in this document refer to the work codes identified in the MPO's Prospectus.

II-A Continuing Transportation Planning Activities-Surveillance of Inventory Data

II-A-1 Traffic Counts- MPO will continue the annual traffic count program. The initial program included 58 locations counted in the spring of 2012. As of the 2015 counts the MPO has 74 count locations around the urbanized portion of the County. The data collected includes daily directional traffic volumes, peak period traffic volumes and vehicle classification counts at selected locations. These counts supplement traffic counts taken every three years in the area by the Division of Highways and they will be used both as base data for traffic modeling efforts and as information for decision makers as they consider the impact of proposed development in the area. These counts will be performed by a consultant team already on contract with the State of West Virginia to perform these services. The MPO will also seek to augment these counts by upgrading traffic count technology to have the capability to collect data on both bicycle and pedestrian travel at selected points.

II-A-4 Traffic Accidents-MPO Staff will continue to collect, quantify and locate traffic accident data as it becomes available.

II-A-10 Mapping- The MPO is using ArcGIS to work with Monongalia County to share data. This work will also include supplementing the County's recently acquired aerial photography with additional data. MPO Staff will use GIS mapping to identify essential service locations, i.e. employment, health care services, school/educational resources and recreational resources to ensure that there is adequate access to these crucial facilities as part of the Long Range Transportation Plan Update. This analysis is in keeping with the US Department of Transportation's Ladders of Opportunity initiative.

II-B Long Range Transportation Plan Development

II-B-3 Travel Model Update-MPO Staff will perform a minor update of the travel demand model as developed for the I-79 Access Study to incorporate any changes in the existing and committed roadway network that were unanticipated by the I-79 Access Study as well as any changes in the socio-economic data expected between 2040 and 2045.

II-B-5 Forecast of Data-MPO staff will update the current LRTP's future socio-economic data from 2040 to 2045.

II-B-6 Community Goals-MPO Staff will seek a thorough public review and evaluation of the current LRTP's Goals and Objectives as part of the update of the LRTP.

II-B-8 Deficiency Analysis-MPO staff will perform a deficiency analysis of the transportation network for the current year and 2045.

II-B-9 Highway Element- The MPO will update the LRTP Transit Element to include recent studies performed for the MPO and to reflect changes identified in the LRTP update process. MPO Staff will

include information on these activities in the LRTP Update Public Involvement outreach and seek input from the public on new facilities and planning efforts that may be included in the update of the LRTP.

II-B-10 Transit Element- The MPO will update the LRTP Transit Element to include recent studies performed for Mountain Line Transit and to reflect changes identified in the LRTP update process. MPO Staff will include information on these activities in the LRTP Update Public Involvement outreach and seek input from the public on new facilities and planning efforts that may be included in the update of the LRTP.

II-B-11 Bicycle and Pedestrian Planning- MPO staff will update the LRTP to include recent Bicycle and Pedestrian planning activities undertaken by MPO and local agencies since the adoption of the last LRTP. MPO Staff will include information on these activities in the LRTP Update Public Involvement outreach and seek input from the public on new facilities and planning efforts that may be included in the update of the LRTP.

II-B-13 Collector Street Planning- MPO Staff will provide support to area municipalities in reviewing proposed development to insure that the proposed collector streets are adequate. Staff will also review proposals to insure that the proposed connection between major arterials and collector streets are consistent with the capacity anticipated in the Long Range Transportation Plan. As a recognized best practice for MPO's, Staff will incorporate Health Impact Assessments into specific MPO planning products as appropriate.

II-B-15 Freight Planning-MPO staff will enhance the freight element of the LRTP in the LRTP Update. Activities will include developing a freight stakeholder committee for the update and potentially as a new standing committee of the MPO, identification of freight corridors in the LRTP, and identification of issues associated with freight movement in the area. All forms of freight transportation including rail, and water transportation will be considered as appropriate.

II-B-16 Financial Planning- MPO Staff will continue to work for the development of funding streams for transportation and implementing the LRTP.

II-B-17 Congestion Management Strategies- MPO staff will review and coordinate with WVDOT/DOH on potential congestion mitigation strategies including ongoing TDM activities. MPO staff will also work with Mountain Line staff on the van pool program. MPO Staff will continue to provide information on operational improvements that may assist in the mitigation of congestion including an ongoing study of signalization improvements and the operation of the downtown Morgantown street network being conducted by the State.

III Administration

III-A Planning Work Program

MPO staff will monitor the revised Planning Work Program process to insure it is being adequately implemented. Staff will also develop the 2017 Planning Work Program.

III-B Transportation Improvement Program

MPO staff will update the TIP as needed. The MPO will also update the TIP Priority List as a result of the LRTP update.

III-C-6 Public Involvement

The MPO will continue ongoing public involvement activities associated with the amendments of the TIP. The MPO will continue to televise Policy Board Meetings. Staff also anticipates increased public involvement activities associated with the implementation of the recommendations of the Transportation Demand Management Study, the Long Range Transportation Plan update and the Transportation Demand Management initiative. MPO Staff will also implement the requirements the MPO's revised Public Involvement Policy to ensure successful outreach to the public.

III-C-7 Private Sector Participation-The MPO will seek to encourage private sector participation wherever possible with projects as they move forward. This effort will immediately focus on the implementation of the MPO's TDM Project, as well as, involving the private sector in the development of the LRTP.

III-D-1 Transportation Enhancement Planning-MPO Staff will provide assistance with enhancement planning activities as requested by area agencies. It is anticipated that this work will focus on bicycle and pedestrian projects identified in the LRTP.

III-D-2 Environmental Coordination-MPO Staff will work with WVDOH to environmental resource agencies with information on projects proposed in the updated Long Range Transportation Plan to help ensure that environmental concerns are recognized as potential projects move forward to implementation.

III-D-3 Special Studies-MPO Staff will initiate special studies as required.

III-D-4 Regional or Statewide Planning-MPO staff will reach out to regional partners to develop relationships on issues they may have in common with our MPO as part of the LRTP Update. This outreach is in accord with the FHWA/FTA Regional Models of Cooperation initiative. MPO staff will also assist WVDOH and the WV MPO Association on regional and or statewide issues including the transition to Performance Based Planning as required by current legislation.

III-E Management and Operations This line item includes normal administrative functions such as the cost of the MPO audit, supplies, rent, insurance and other administrative costs.

TITLE VI PROGRAM CIVIL RIGHTS ACT OF 1964

COMPLIANCE REVIEW STATEMENT FOR FY 2012-2013 OVERALL UNIFIED PLANNING WORK PROGRAM (UPWP)

I. Metropolitan Planning Organization Handling Agency Compliance

- A. To What extent does the MPO Handling Agency employ minority staff personnel in the program area under review?

The MPO only has two fulltime employees with one minority staff. The MPO will continue to ensure that there is no discrimination in hiring practices.

- B. Has the Agency adopted a formal Title VI complaint process?

The Agency will utilize the complaint process identified in the Agency By-Laws for harassment for discrimination complaints. The By-Laws will be amended to identify this process.

- C. Has the MPO received any specific Title VI complaints in the program area under review? If so, what corrective action has been taken?

There have been no complaints to our knowledge.

II. Consultant Contracts

- A. What consideration is given to minority contractors in the selection of consultants for the transportation planning work?

Advertisement for potential consultant work includes reference to Title VI compliance and minority contractors are invited to participate in procurements.

1. Does the Agency establish and monitor annual Title VI contracting goals?

No, the agencies contracting opportunities are limited by the small size of the agency. The agency will track and encourage minority participation in contracting opportunities.

2. Does the consultant selection process include maintenance of records of qualified minority consultants?

Yes

3. What other methods or procedures are utilized to encourage use of qualified minority consultants?

Minority consultants are encouraged to submit proposals.

4. Are Title VI assurances and provisions included on consultant contracts?

Yes

- B. Have consultants made positive efforts to employ qualified minority subcontractors? If so, to what extent?

Not that we are aware of.

- C. What are the MPO's procedures for monitoring consultant compliance with Title VI contract provisions?

The MPO will examine the hours worked by minority contractors and subcontractor on bills submitted for processing.

III. Urban Transportation Planning Process

- A. What techniques and procedures are employed to provide data relative to minority populations, neighborhoods, income levels, physical environment, travel habits, etc.?

The MPO regularly examines the impact of proposed projects on the area's minority community utilizing the most recently available Census data.

- B. To what extent is the data considered in determining that a proposed transportation system will be capable of responding favorably to minority to group requirements? What techniques are used?

MPO staff utilizes GIS to examine the location of low income and minority populations and their location in relation to proposed facilities.

- C. Do the MPO Transportation Plan and TIP include assessments of the impacts that planned transportation system investments will have on both minority and non-minority areas? Discuss the assessment methodology and resulting documentation.

The MPO utilizes GIS to identify minority and low income populations and to assess the potential impact that any proposed project may have on these communities. The MPO performs these assessments as part of the LRTP update utilizing the most recently available Census Data.

- D. To what extent has the MPO developed a formalized procedure (organization, responsibilities, etc.) to provide for citizen participation in the transportation planning process?

The MPO has a formally adopted citizen participation process.

- E. Are minorities, both individually and through their organizers, represented in the citizen participation effort? If so, how many and in what capacity?

There are no specific minority groups represented in the MPO, outreach efforts seek to reach these communities through outreach to transit dependent and or low income employees.

- F. Are there any further affirmative actions taken by the MPO to enlist the involvement and support of minority populations in the transportation planning process?
