Memorandum

Date: August 13, 2020
To: Policy Board Members
From: Bill Austin, AICP
Subject: August 20, 2020 Policy Board Meeting Agenda Items

This memorandum is to inform you of the action items for the August 13, Policy Board Meeting to be held by Webex in the MPO's Offices 243 High Street at 6 PM. A link to connect to the meeting was included in the agenda transmittal email.

-Proposed TIP Amendments- The West Virginia Department of Transportation Division of Highways, West Virginia University and Mountain Line Transit have proposed the following Transportation Improvement Program amendments:

West Virginia Department of Transportation Division of Highways

2021 ADD

BROCKWAY AVE, resurface-begin MP 33.15 for 1.6 miles.

STP0007305D-Construction. Total Cost \$800,000, Federal Funds \$640,000

BURROUGH ST, resurface-begin MP 0 for 0.04 mile.

STP0592001D-Construction. Total Cost \$264,000, Federal Funds \$211,200

CARROLL B LILLY MEM BR, bridge inspection-begin MP 9.4 for 0.37 mile.

NHPP0068187D-Engineering. Total Cost \$700,000, Federal Funds \$630,000

SCOTT RUN RD - FORT MARTIN RD, resurface-begin MP 2.88 for 1.09 mile.

STP0100157D-Construction. Total Cost \$545,000, Federal Funds \$436,000

WILLEY ST, resurface - begin MP 14.42 for 1.25 mile.

STP0119481D - Construction. Total Cost \$625,000, Federal Funds \$500,000

2022 ADD

HOLLAND AVE + 1, resurface-begin MP 10.42 for 2.9 mile.

NHPP0019497D-Construction. Total Cost \$1,450,000, Federal Funds \$1,120,000

2024 ADD (Informational Item)

WV 7 OP INTERCHANGE (AC PAYBACK) (SPLIT FUNDED), new construction-begin MP 156 for 5 miles.

NHPP0796271 -Construction. Total Cost \$5,000,000, Federal Funds \$4,000,000 (Funding Source NHPP-EXEMPT)

NHPP0796271 - Construction. Total Cost \$20,000,000, Federal Funds \$16,000,000 (Funding Source STP)

2025 ADD (Informational Item)

I-68 SB RAMP BR, repair-begin MP 0.56 for 0.08 mile.

NHPP0068184D -Engineering. Total Cost \$180,000, Federal Funds \$162,000

NHPP0068185D -Right of Way. Total Cost \$50,000, Federal Funds \$45,000

NHPP0068186D -Construction. Total Cost \$1,800,000, Federal Funds \$1,620,000

USAC DANIEL MEHRINGER MEM BR, repair-begin MP 142.37 for 0.09 mile.

NHPP0793295D -Engineering. Total Cost \$850,000, Federal Funds \$765,000

NHPP0793296D - Right of Way. Total Cost \$50,000, Federal Funds \$45,000

2026 ADD (Informational Item)

USAC DANIEL MEHRINGER MEM BR, repair-begin MP 142.37 for 0.09 mile.

NHPP0793297D -Construction. Total Cost \$8,200,000, Federal Funds \$7,380,000

A map of the projects locations was included with the agenda packet email. The TTAC and the CAC recommend approval of the proposed TIP Amendments to the MPO Policy Board.

In addition to the WVDOH requested TIP Amendments West Virginia University has requested the following TIP Amendments. Funding for these amendments comes from unspent funds from previous years.

West Virginia University Personal Rapid Transit

2021 Modify

Section 5337 State of Good Repair Funds

1. ALI 12.14.20 for Rebuild/Upgrade	\$350,000.00
<ul style="list-style-type: none">this includes motor and pump rebuilds, electrical component replacements, fabrication and machining of parts, wheel and tire replacements, replacement of wear partsUpgrade of obsolete vehicle components	
2. ALI 12.7A.00 Preventative Maintenance	\$110,000.00
<ul style="list-style-type: none">This Activity Line Item funds preventive maintenance for Rolling Stock as defined in the National Transit Database Reporting Manual for the period of 7/1/2019 to 6/30/2020	
3. ALI 12.32.07 – CCTV System Upgrade	\$150,000.00
<ul style="list-style-type: none">Upgrade of current CCTV camera system to current technology enabling synchronization with University Police and increased operational capabilities	
4. ALI 12.44.03 Rehab/Renovation – Admin/maintenance Facility	\$30,000.00
<ul style="list-style-type: none">Renovate central maintenance facility components	
5. ALI 12.24.07 Rehab/Renovation PRT Guideway	\$250,616.00
<ul style="list-style-type: none">Renovate PRT guideway components	
6. ALI 12.34.02 Rehab/Renovation PRT Passenger Stations	\$96,000.00
<ul style="list-style-type: none">Renovate PRT station components	
Total	\$986,616.00

The TTAC and the CAC unanimously recommended approval of these TIP Amendments to the Policy Board.

Mountain Line Transit has requested the following TIP Amendment:

2021 ADD

Van Pool Program

Congestion Mitigation and Air Quality Funds (CMAQ) \$20,000 Federal \$20,000

The WVDOH is currently in the process of flexing the Congestion Mitigation and Air Quality Funds from the highway program to the Federal Transit Administration. In accord with Federal legislation the MPO can go ahead and approve the TIP Amendment in anticipation of the funds becoming available. It is respectfully requested that the CAC recommend approval of this TIP amendment to the MPO Policy Board.

MPO Public Involvement Policy Amendment-Please find the draft revised MPO Public Involvement Policy attached with the Agenda packet for consideration by the CAC. This draft document has been duly advertised for public comment for 45 (forty five) days and made available to the public for comment on the MPO's website and at public libraries throughout the community in accordance with the requirements of the adopted Public Involvement Policy. There have

been no substantive changes to the requirements of the Public Involvement Policy's notification requirements for the adoption or amendment of documents, policies, or actions by the MPO Policy Board. The revised document does more clearly elaborate on which electronic media may be used for public meetings and notifications and the contact list for notifications to the public. It also includes improved graphics and a summary of the MPO's procedures in an appendix. The TTAC and the CAC unanimously recommended approval of the draft public involvement policy to the Policy Board.

-Discussion of Monongalia County Roads to Prosperity Projects-At the last Policy Board meeting the Policy Board requested that the Division of Highways report on the status of Roads to Prosperity Projects within Monongalia County. Mr. Carr has provided the Policy Board with an email describing the status of the high profile Roads to Prosperity Projects within Monongalia County along with a table identifying ongoing and completed RTP projects within the County. A copy of that table is included in the agenda packet.

MORGANTOWN MONONGALIA
METROPOLITAN PLANNING ORGANIZATION POLICY BOARD
JUNE 18, 2020 MINUTES

Members Present:

Chairman Joe Statler, Vice-chair Commissioner Tom Bloom, Dave Bruffy-Mountain Line, Brian Carr-WVDOH, Commissioner Edward Hawkins-Monongalia County, Ron Justice-West Virginia University, Councilperson Dave Harshbarger-City of Morgantown, Councilperson Janice Goodwin-City of Westover, Bill Kawecki-Mayor of Morgantown, Councilperson Jennifer Selin, Commissioner Sean Sikora-Monongalia County

MPO Director: Bill Austin

Members Absent:

Recorder Steve Blinco-Star City, Mayor Patricia Lewis- City of Granville, Mike Kelly-Board of Education,

1. Call to Order

With a quorum present, Chairperson Statler called the Policy Board meeting to order at 6:00 PM.

2. Public Comment

None

3. Reports

a. Citizens Advisory Committee

Mr. Abildso, the Chairman of CAC, noted that the CAC met last week with a quorum of five members. The committee unanimously recommended approval of the proposed TIP amendments. Mr. Abildso noted that the committee expressed their appreciation to former Chairman Rice for his leadership.

b. Finance Committee

Mr. Austin noted that Treasurer Mayor Lewis is not able to attend this meeting. Mr. Austin presented the financial report prepared by Mayor Lewis.

-- Beginning balance in May \$65,714.87.46 with expenditures of \$28,027.03 and one deposit of \$17,835.10, leaving a balance of \$55,522.94 at the beginning of June.

Commissioner Bloom asked if the MMMPO anticipates any financial difficulty at the end of the fiscal year due to the financial impact of the pandemic to the State. Commissioner Bloom noted that the county will reimburse the MMMPO for the salary of the shared position. The county cannot pay for service in advance.

Mr. Austin noted that he is aware of the county's financial policy. He stated the MMMPO has paid off the Alta consultant and line of credit loans and is currently paying the partial cost of the ongoing transit study. The MMMPO's financial status is in good shape.

Mr. Bruffy moved to accept the Finance Report as presented; seconded by Councilperson Selin. With no discussion, the motion unanimously passed.

c. Executive Director

Mr. Austin noted that currently there is no special federal transportation legislation aimed to address the impact of the pandemic. He is in contact with the National Association of MPOs to monitor any transportation legislation that could be passed in the near future.

Mr. Austin noted that the MMMPO is working with the WVU and the City on the Beechurst Ave project, including the potential relocation of 1st St.

Mr. Austin noted that he will take a vacation leave for the week of July 4th.

4. TIP Amendment

Mr. Austin noted that WVDOH has requested the following TIP amendments. The amendments include Mason-Dixon Hwy Slide repair projects, Little India Creek Rd slide repair project, Bertha Hill Rd Slide repair projects, Kingwood pike slide repair project, River Rd slide repair project, Westover bridge repair project, I-79 Exit 146 SB exit ramp project, I-79 Exit 152 Ramps resurfacing project, I-68 Exit 7 ramp repair project, I-68 Resurface project (Cheat Lake – Coopers Rock), and I-79 Welcome Center improvement project. Mr. Bruffy moved to approve the TIP Amendments seconded by Councilor Selin. With no discussion, the motion was unanimously approved. Chairman Statler expressed his appreciation to the WVDOH and WVU for the timely repair of the slide on Mon Blvd.

5. Presentation on proposed Public Involvement Policy amendments-Jessica Shuey

Ms. Shuey made a presentation on the proposed Public Involvement Policy Amendment. Ms. Shuey noted that the proposed policy has been restructured with a clearer format and enhanced graphics. It added virtual public involvement elements to keep up with the best public involvement practice in transportation planning. The proposal does not have any material changes to the content in the policy.

Chairman Statler asked how MMMPO staff will handle inquiries sent from the website's chat box. Mr. Austin noted that Ms. Shuey will directly interact with the community through the chat function.

Mayor Kawecki asked how the document will be distributed. Mr. Austin noted that hard copies will be available in the MMMPO's office and public libraries. The digital copy will be available on the MMMPO's website.

Mr. Carr noted that Mrs. Inglis-Smith from FHWA mentioned in the TTAC that the document is required to be ADA 501 compliant. Mr. Austin noted that the MMMPO staff has followed the ADA design standard to develop the document. The fonts and color patterns are 501 compliant.

Mr. Bruffy inquired about whether or not the document includes a provision to address Mountain Lines TIP public involvement as we have done in the past. Mr. Austin stated that the document includes that provision.

6. Presentation on Transportation Improvement Program online database-Jing Zhang

Mr. Zhang made a presentation on the development of a web project search application for the MMMPO's TIP. The application will allow the public to search the MMMPO's TIP project database via various search criteria such as fiscal year, phases, jurisdiction, funding source, and scope of improvement. The database will also identify projects in the Metropolitan Transportation Plan.

7. Mountain Line Transit Study Update

Mr. Austin noted that the public outreach process has been slowed down by the pandemic. He communicated with the consultant yesterday. The study team expects to develop a digital campaign for this study in August. Mr. Bruffy expressed his appreciation to Mr. Justice for coordinating the public involvement process between the Mountain and WVU. He noted that it is essential to hear from the community about the issues and opportunities to improve transit service for both short-term and long term solutions.

8. Discussion of Temporary Signal on WV 7

Mr. Austin noted that the WVDOH has installed a temporary traffic light at the intersection of WV 7 and Decker Creek Rd for the detour on the Greenbag Rd intersection improvement on WV 7. The MMMPO has heard that the City received positive feedback from the community about the temporary improvement. Councilman Harshbarger and Mayor Kawecki asked to discuss the possibility of the MMMPO requesting that WVDOH study permanently reinstalling the signal.

Mayor Kawecki noted the adjacent neighborhood has commented on the temporary traffic signal for its improvement on traffic flow and pedestrian safety. He would like to ask the WVDOH to consider permanently installing the traffic signal on that location.

Councilperson Selin noted that a new ALDI will open soon. It could further increase the demand for better pedestrian facilities in that area. Pedestrian safety in the area is a key interest to the nearby neighborhood.

Commissioner Bloom noted that the ALDI store is accessible from the trail. He noted that a comprehensive approach should be adopted to improve the traffic condition for all users.

Mr. Carr agreed and noted that the WVDOH has to ensure the traffic volume warrants traffic signals at the intersection. The nearby intersection on Hartman Run could impose other traffic concerns. Mr. Carr noted that the WVDOH will continue monitoring the performance of the corridor after the opening of the ALDI store. He noted that some pedestrian safety projects identified in the recently adopted bike-ped plan could be good candidates for the Transportation Alternative Program grants.

Mayor Kawecki expressed his appreciation to the board for raising concerns on the pedestrian safety issue at the location.

Mr. Austin noted that it is important to collect the data, documenting the need for pedestrian facilities in the corridor. He noted that the new traffic pattern with the Aldi and the improved intersection with Green Bag Road will take a few months to be established. The MMMPO will initiate a preliminary pedestrian study along the corridor in the 2021 spring as a part of the Unified Planning Work Program for FFY 2020-2021.

9. Other Business

Commissioner Bloom noted that Mon County has gotten a relatively small number of projects compared with other counties in the state. He is concerned that the county is not getting a fair share of the Roads to Prosperity transportation funding.

Chairman Statler noted that he received a lot of comments complaining about the slow progress of implementing transportation projects in the county. The community is frustrated by the lack of major improvement on the roads since the approval of the Transportation General Obligation Bond.

Commissioner Sikora agreed and noted that the Mon County needs to get more attention for WVDOH to move projects forward.

Mr. Austin noted that three projects in the area are going out to bid shortly and major projects take a long time to go through the environmental process.

Mr. Carr agreed and noted that the WVDOH has conducted several studies for projects of significant impact in the MMMPO area and those projects require a prolonged process before actual construction. He noted that the MMMPO did get another smaller project completed earlier this year.

Councilperson Selin suggested that DOH prepare a report to show the project status. So the community can see the progress made in time.

Mr. Austin agreed and noted that MMMPO staff will work with WVDOH to compile a list of accomplished and ongoing TIP projects in this area.

Mr. Austin noted that MMMPO will distribute the adopted bike-ped plan to municipalities, county, and WVU. The MMMPO is happy to make presentations to the community about the plan.

Mr. Carr noted that the Governor has approved \$100,000 Transportation Alternative Grants to the Mon Trail Conservancy for the rail trail undercut project.

Mayor Kawecki asked about the public meeting for the Greenbag Rd project. Mr. Carr noted that the WVDOH is requesting approval from the FHWA to conduct virtual public meetings for the project. The WVDOH will take very opportunities to head from the community. Mr. Carr noted that he expects the meeting will happen soon but he does not have a specific date yet.

11. Meeting Adjournment

Meeting adjourned at 8:10 PM.

I-79 Exit 155 Project Update

August 20, 2020

Exit 155 – Primary Gateway from I-79 to Morgantown

Project Purpose and Need

**ENHANCE
TRAFFIC FLOW**

**IMPROVE
TRAFFIC SAFETY**

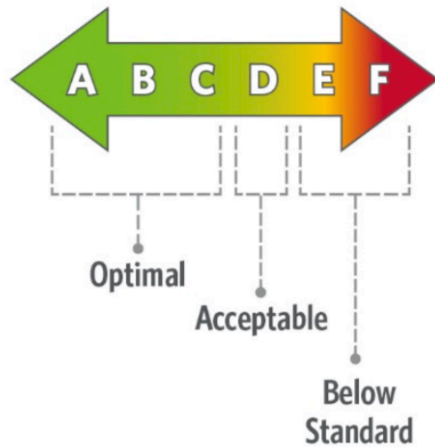

**PREPARE FOR
AREA GROWTH**

Project Purpose and Need

- Operational Analysis

WHAT IS LEVEL OF SERVICE?

Level of Service (LOS)

A standard measurement, based on vehicle delay and queues, which reflects the relative ease of traffic flow on a scale of A to F

LOS A

Minor delay at signal, little queuing

LOS F

Highly congested traffic conditions

Project Purpose and Need

- Operational Analysis – Existing Conditions

	Level of Service AM (PM) [SAT]	
	Existing	2040 No-Build
Exit 155 Star City I/C Area		
Chaplin Hill Road (CR 19/24) with Martin Hollow Road (CR 46/3)	N/A	C(B)[C]
Chaplin Hill Road (CR 19/24) with Solomon and Pad 6A Driveway	E(E)[D]	E(D)[E]
Chaplin Hill Road (CR 19/24) with Malone Drive and Pad 6A Driveway	A(F)[F] ¹	A(D)[B]
Chaplin Hill Road (CR 19/24) with SB Ramps	C(F)[F]	D(E)[D]
Chaplin Hill Road (CR 19/24) with NB Ramps	C(F)[F]	C(D)[B]
Chaplin Hill Road (CR 19/24) with University Town Center	B(C)[C]	C(E)[D]
Chaplin Hill Road (CR 19/24) with US 19/WV 7	C(D)[C]	C(F)[F]

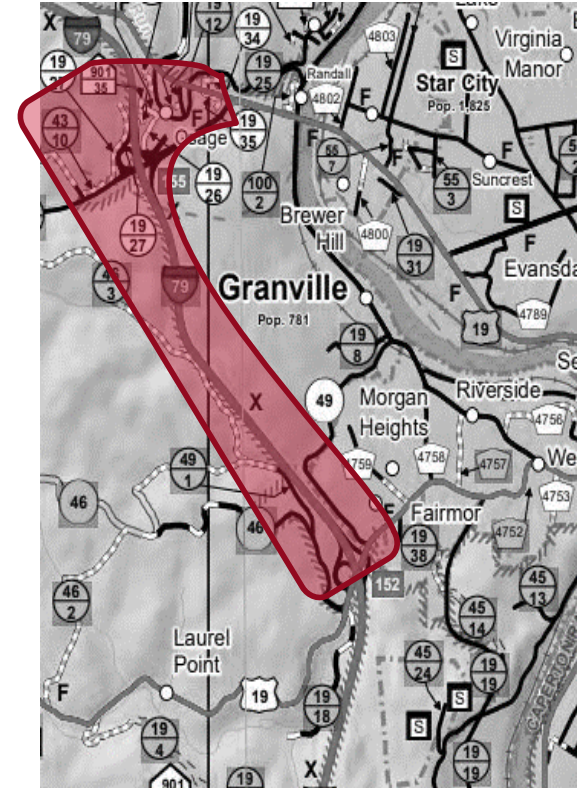

Work Completed and Status

▪ Traffic Analysis

- Interchange Modification Report “IMR”
- IMR Methodology and Assumptions
 - Approved at 11/08/17 meeting btw WVDOH, FHWA, MMMPO
- IMR Drafts
 - Submitted to WVDOH/FHWA in May and June 2018
 - Four alternatives studied

▪ Design

- Developed and refined concept plans as part of IMR process
- Preliminary cost estimates
- Preliminary field work for NEPA work
- Extensive as-built surveying

Alternative 1

- Minor improvements to existing interchange
- Minor upgrades to Chaplin Hill Road

Alternative 2

- Convert interchange to a single-point urban interchange (SPUI)
- Minor upgrades to Chaplin Hill Road

Alternative 3A

- Convert interchange to a diverging diamond interchange (DDI)

Alternative 3B

- Alternative 3A at interchange (DDI)
- Flyover on Chaplin Hill Road at "Sheetz Intersection"

Next Steps

1. **Submit revised IMR to DOH & FHWA in September**
2. **Initiate NEPA process for preferred alternative**
 - Field work
 - Impact assessment
 - Public Meeting (Expected in Spring 2021)
3. **Continue preliminary design activities**
 - R/W research and plan development
 - Preliminary roadway design
 - Preliminary bridge/wall design
4. **Prepare RFP for Design-Build delivery method OR Full Plans for Design-Bid-Build delivery method**
